Proactive digitization
      Herrick Brown
      Richard Carter

Pre-digitization curation/staging
      Patrick Sweeney
      Brad Ruhfel
      Joey Shaw
      Lisa Wallace
      Rich Rabeler
      Julianne Smith
      Ashley Morris
      Andrea Weeks

Selecting/setting up an imaging station
      Brad Ruhfel

Imaging station setup: camera and lightbox
      Brad Ruhfel
      Chris Neefus
      Emily Gillespie
      Andrea Weeks

Imaging station setup: scanner
Imaging station setup: copy stand

Imaging station setup: conveyer
      Patrick Sweeney

Conveyer workflow
      Patrick Sweeney

Imaging/image capture
      Patrick Sweeney
      Austin Mast (skeleton record creation at imaging and processing)
      Tom Sasek
      Chris Neefus
      Ed Gilbert
      Andrea Weeks

Image capture via herbarium personnel (perhaps same as image capture, above)
      Joey Shaw
      Lisa Wallace
      Mare Nazaire
      Julianne Smith
      Richard Carter
      Andrea Weeks

Image capture via blitzes and public participation
(Organizing and implementing a public participation imaging blitz)
   Austin Mast
   Joey Shaw
   Herrick Brown

Image processing and management (could be two workflows)
   Rich Rabeler
   Chris Neefus
   Ed Gilbert
   Emily Gillespie
   Richard Carter
   Andrea Weeks

Data capture
   Patrick Sweeney
   Tom Sasek
   Ed Gilbert

Data capture via herbarium personnel (perhaps same as Data Capture, above)
   Lisa Wallace
   Rich Rabeler
   Mare Nazaire
   Julianne Smith

Data capture via public participation
(Organizing and implementing a public participation data capture blitz)
   Austin Mast
   Automated data processing (OCR, NLP, etc.)
   Ashley Morris

Georeferencing (new, separate workflow plus integrated into data capture workflow)
   Brad Ruhfel
   Blaine Marchant
   Tom Sasek
   Mare Nazaire

Aggregating data to iDigBio (and other aggregators, e.g. SERNEC portal)
   Herrick Brown
   Ed Gilbert
