

E-mail (2013-03-29)

I have started a Google Doc to collect our various perspectives on the job dimensions and client expectations of biodiversity informatics managers.

For notes and contributions for the job dimensions of biodiversity informatics managers, use <http://tinyurl.com/bimexpectations>

For notes and contributions for collections' managers expectations of biodiversity informatics managers, use:
<http://tinyurl.com/bimexpectations>

If you'd rather record your comments offline and send them to me, feel free to do that, too. I'll copy them into the appropriate document. (Anne and Ed, your comments have been posted; feel free to edit/revise/add as needed).

Feel free to add to either document.

Gil
